DISCLAIMER

'Typical Analysis' is the average (by weight) calculated from the quantities of ingredients used to manufacture a batch and/or blend a load. As this is an average analysis, samples from batches or loads may vary.

This brochure is offered as a guide only and product analysis is correct at time of printing.

Product analysis may vary and customers should confirm analysis with their CSBP Area Manager or Sales Agent at time of purchase.

Introduction

At CSBP we want to help you grow to your full potential.

That's why we have a range of quality fertilisers to suit your every need, at competitive prices.

And if you have a specific nutrient requirement, we can customise a mix of CSBP fertilisers for you.

If you require further information or advice on the CSBP product range, please contact your local CSBP Area Manager, Distributor or Sales Agent.
